### *GM'S notes*

The day started with last minute packing of goodie bags by a group of harriets at Bibi Tulip's house and then loading everything stored there onto Mini Sausage's truck. That took most of the morning. I rushed home to collect my gear and grab a sandwich but was besieged by endless crappy phone calls about changes visitors wanted to make to their transport arrangements etc.

Eventually I did make it to Fort Cornwallis where the registration team was busy setting up their counter. Mini was busy unloading the truck and Grasshopper was busy setting up the sound system. Even before 2 o'clock people were drifting in to register and as the beer tap was open they were also quenching their thirst.

Just after 2 o'clock Gangreen, Rambo and I went out to set the run. It was raining but luckily Gangreen had the foresight to bring some plaster to make more lasting arrows than the chalk ones Rambo and I were putting down. You can imagine the curiosity we were attracting and as we knew, how much more amazing the runners would be when they went by, we laughed .

Our route largely followed the heritage trail and as we tried to include as many sites it was tight and winding and so bars had to be placed carefully.

When we got back to the Fort we were met by a myriad of hashers in a wide range red dress from the transvestite types through to hashers in red hash gear. We changed quickly into dry red gear

before the run started.

The promised Lion dance did not show. This was a pity but we got on with things. Y.B. Danny Law flagged off the run just after 5 o'clock and a stream of about 300 runners took off. Two traffic cops on motorbikes were at the front to ease the traffic problems.

We tried to catch a moment's peace but the registration team still had a constant stream of customers and didn't get a breather.

The first runner was back after 45minutes and then there was a constant stream of returnees until about 7.00pm.

We had a circle which I started. First on ice was Zeberdee who was the first runner back followed by Valerie who was the first lady back. Next was Monsoon Drain who was Y.B's fancy. Crabby Pussy was put on ice for being a sexy lady. Why Not was iced for being a Spotty lady and a returning Harriet. McShit was iced for being a Prima Donna. Deep Throat was iced for coming in puffing and groaning as though he had done a marathon. Diskete was iced for being a true hashman. Farmer Tom was iced for being in red silk – obviously a lawyer in disguise! Gay Lord Focker was called in for being a low slung gent. Red October was iced as a red dress run had to be her run. Megasaurus was iced for being a real Parisian Belle.

Gangreen took over the circle and made great charges but I didn't note them and have forgotten – see the photos for info! There were of course charges from the floor.

A great sit down Chinese meal then followed. YB Danny Law, Uncle Bee and myself made welcome speeches. There was a great cultural show from the Tourism Penang troupe. We saw the video taken at the orphanage and then the mock cheque and the 2 wheelchairs were presented to the orphanage. The charity box was taken round for more donations and came back pleasantly full.

Everyone was in a party mood and Grasshopper and KGB provided brilliant dance music which was enjoyed by all. This was interrupted briefly for Prancis to do his unique belly dance. Dancing continued until almost 11.00 o'clock when we had to stop because the gatekeeper needed to close the Fort.

Very many thanks to everyone who helped in any way during the day or evening and a big thank you to those who stayed back to clear the rubbish at the end of the evening.

**It was a great start to the weekend!!!!!!**

## Announcement from the On Sex (contact Justbeer)

If you have any requests/articles/information to give the members please contact me.

Tiny has said it all. So nothing really for me to add here.

However since we were all really busy, myself with registrations and my usual standin Akz Hole still sweeping on the run, we didn't get photos of the circle as it was going on. I know that others did take photos and we will post them on the web as soon as possible. But enjoy the ones that were taken. I think they really give a flavour and certainly a lot of colour to the evening!

## *Funnies*

A little girl asked her mother: 'How did the human race appear?' The mother answered, 'God made Adam and Eve; they had children; and so was all mankind made.' Two days later the girl asked her father the same question. The father answered, 'Many years ago there were monkeys from which the human race evolved.' The confused girl returned to her mother and said, 'Mum, how is it possible that you told me the human race was created by God and Dad said they developed from monkeys?' The mother answered, 'Well, Dear, it is very simple. I told you about my side of the family, and your father told you about his.'

## Wise Words

As we get older we sometimes begin to doubt our ability to "make a difference" in the world. It is at these times that our hopes are boosted by the remarkable achievements of other "seniors" who have found the courage to take on challenges that would make many of us wither. Harold Schlumberg is such a person:

### QUOTE FROM HAROLD

I've often been asked, 'What do you old folks do now that you're retired?' Well...I'm fortunate to have a chemical engineering background and one of the things I enjoy most is converting beer, wine and whisky into urine. I do it every day and I really enjoy it.

**Harold should be an inspiration to us all!!!!!!!!!!!!!!**
