### *GM'S notes*

I didn't arrive until just after 10.00am at the Jubilee Scout Camp – I was supposed to be there before to help with cleaning but I over slept- oops! Quite a good sized group of hashers were already assembled.

There was a continuous stream of people arriving until 10.00am when there was a call for a group photo using the sea as a background. Gangreen reminded people that it was a public beach and to avoid nudity. After the photo Itchi Bai said there were 2 runs – short and medium.

We set off with Itchi Bai leading us to the road where he stopped to give directions – short run to the right and medium run to the left.

I chose the medium run which soon turned onto the track that leads up to the barren patch with the great view out to sea. This was when the heaven opened and down came the rain. Here of course there was a check and most of us thought go right and Coming Soon called on-on. We continued to skirt and climb and then dropped down to a bar.

Really the only way to go was up so off we set again along the track. Then we had to enter the jungle and the entry was very steep and slippery. The first couple of guys had no trouble but then the bits of vegetation broke off and there was nothing to hang on to. A large lady then tried ( In spite of her size she was fit) and she struggled and slipped and a guy behind tried to push her

bum but no success. I called out three hands on the bum- to try to get some movement and after a very long time she was over the worst bit.

By this time the rest of the pack were in an orderly line but starting to get fed up so By Pass and myself went back down the path to find another point of entry which we did and started to call the runners our way. We then climbed up and skirted in a left direction and once over the top started on the downward slope. By this time the track was a mud slick but at least we weren't overheating. We continued down to the road and back to the camp. Drenched and covered in mud!!!!

The food was well under way with the barbecues going non-stop and various salad bits, bread and fruit spread over the tables. What a fantastic job from Datin Choo Choo, Hot Lips, Doris Day and Speed Hound who did the preparation and serving and the guys – Gangreen, Mini Sausage and Andrian who manned the barbecues.

After the food we had a beach game organized by Itchi Bai with Gangreen's help. They managed to organize two teams Each team had to split in two and then each half lined up at opposite ends of the 'field' and in front of each half sat an anchor. Everyone had to have a beer. When the race started the first one had to drink down the beer and then run round the anchor 10 times and sprint to the opposite half touch the next person and so on. It was hilarious to watch and probably hilarious to participate in.

We then had a very lively circle with various groups and individuals being iced and Akz Hole and Tin Tin and helpful visitors providing the choral support. For details please see the photos! Rambo did a great job with the beer and helping to MC.

We called the committee on ice, we had the hash hymn and Auld Lang Syne and a short speech to sort of finish off the event.

Many thanks to those who helped to clear up the area.

Most people seemed to have had a great weekend. There were a few real complainers but there are always people who come to an event with an agenda. Many of the loudest complaints were made by males who reside in Penang but are not Harriet members – need I say more!

One last thank you to anyone who helped or contributed to the weekend. Please excuse me if you do not see your name mentioned there were so many people who were so supportive that it is not possible to mention all individually.

In my opinion the Harriets 2000<sup>th</sup> was well celebrated and well supported. ON ON .....

I will be in Kuching next week and after that I am going to England until near the end of September. I leave you in the very capable hands of Rambo, Edna and Just Beer. Have great hashes and I look forward to returning to the club where I want to be!

Well it came and it went...just like that!! I canot believe that the time has gone so fast. The 2000<sup>th</sup> Run weekend has been almost 2 years in the planning and now it is over!!

To some extent it is a relief for all the committee concerned and I thank you all for the hard work, dedication and time spent in ensuring it was the success it was. We were even told it was better than InterHash!! How's that for a compliment!

Thank you to everyone who supported the event. It was a really fantastic weekend of Hashing, fun and making new friends. Those of you who missed it, you really did miss something very very special.

## Funnies

**The train was very crowded, so the soldier walked the length of the train, looking for an empty seat.**

**The only unoccupied seat was directly adjacent to well dressed middle aged lady and was being used by her little dog.**

**The weary soldier asked, "Please, ma'am, may I sit in that seat?"**

**The French woman looked down her nose at the soldier, sniffed and said,**

**"You Americans. You are such a rude class of people.  
Can't you see my little Fifi is using that seat?"**

**The soldier walked away, determined to find a place to rest, but after another trip down to the end of the train, found himself again facing the woman with the dog.**

**Again he asked, "Please, lady. May I sit there? I'm very tired."**

**The French woman wrinkled her nose and snorted, "You Americans! Not only are you rude, you are also arrogant. Imagine!"**

**The soldier didn't say another word. He leaned over, picked up the little dog, tossed it out the window of the train and sat down in the empty seat.**

**The woman shrieked and demanded that someone defend her and chastise the soldier.**

**An English gentleman sitting across the aisle spoke up,**

**"You know, sir, you Americans do seem to have a penchant for doing the wrong thing.  
You're bad at holding the fork in the wrong hand.  
You drive your autos on the wrong side of the road.  
And now, sir, you've thrown the wrong bitch out of the window."**
