Notes from the GM

Hi Everyone,

Just a brief note to say thank you to all those members who attended the AGM and thus showed their loyalty and support. A huge thank you is needed for the outgoing committee – Edna, Justbeer and Rambo who were so supportive and hard working all year. A big welcome to the incoming committee – Rambo, Justbeer and G-string.

The new committee will try to keep in mind that Hash is a fun activity and provide as much fun as possible by arranging some special events. Our main focus this year will be to prepare for the 40th Anniversary and make this a whammer!!!

If members have ideas or suggestions about the way the 40th should be celebrated please share them with us. However, we cannot cater for individual tastes but must go with the majority opinion.

See you after the run next week

On on....

Tiny

Just as we were going to set the run it started pouring and hence delayed us by an hour. James and Vithia were already waiting by the time I got there and then Rosie and Toddy Tan arrived to help as well. Since all the Ins are fast disappearing we had to go through the new housing estate before getting anywhere near the jungle! As we passed the plastic bungalows, ravaged by termites, in the first part of the vegetation it was more obvious that we are definitely losing more hashing ground as each year goes by!!

We hit the trail behind the new houses and started climbing up through rotting vegetation but thankfully the rain had cooled the air somewhat. It wasn't long before we hit old hash paper and it was Spiky Annie's from her birthday run last November. When we hit the top it was only a matter of time to find an On Down. The pathways were littered with paper from previous hash runs with different Chapters. Too much of it in some cases!! We hit the pathway which led down to the drain at Beverly Hills but decided to climb back up and skirted the ridge to get home!

As it was the AGM, we made it a simple, easy run allowing all the members to be back to enjoy the delicious food and some free beers donated by the Club. We had no circle on the day. In all 52 members attended and enjoyed the evening, many not leaving until after midnight!!

Funnies

AMAZINGLY SIMPLE HOME REMEDIES!!!!

- 1. If you are choking on an ice cube, don't panic. Simply pour a cup of boiling water down your throat and presto, the blockage will be almost instantly removed.**
- 2. Clumsy? Avoid cutting yourself while slicing vegetables by getting someone else to hold them while you chop away.**
- 3. Avoid arguments with your partner about lifting the toilet seat by simply using the sink.**
- 4. For high blood pressure sufferers: simply cut yourself and bleed for a few minutes, thus reducing the pressure in your veins. Remember to use a timer.**
- 5. A mouse trap, placed on top of your alarm clock, will prevent you from rolling over and going back to sleep after you hit the snooze button.**
- 6. If you have a bad cough, take a large dose of laxatives. Then you will be afraid to cough.**
- 7. Have a bad toothache? Smash your thumb with a hammer and you will forget about the toothache.**
- 8. Sometimes, we just need to remember what the rules of life really are: You only need two tools: WD-40 and Duct Tape. If it doesn't move and should, use the WD-40. If it shouldn't move and does, use the duct tape.**
- 9. Remember: Everyone seems normal until you get to know them.**
- 10. Never pass up an opportunity to go to the bathroom.**
- 11. If you woke up breathing, congratulations! You get another chance.**
- 12. And finally, be really nice to your family and friends; you never know when you might need them to empty your bedpan.**

IMPORTANT QUESTIONS:

Why do we press harder on a remote control when we know the batteries are getting weak?

Why do banks charge a fee on "insufficient funds" when they know there is not enough?

Why does someone believe you when you say there are four billion stars, but check when you say the paint is wet?

Why doesn't glue stick to the bottle?

Why do they use sterilized needles for death by lethal injection?

Why doesn't Tarzan have a beard?

Why does Superman stop bullets with his chest, but ducks when you throw a revolver at him?

Why do Kamikaze pilots wear helmets?

Whose idea was it to put an "S" in the word "lisp"?

If people evolved from apes, why are there still apes?

Why is it that no matter what colour bubble bath you use the bubbles are always white?

Is there ever a day that mattresses are not on sale?

Why do people constantly return to the refrigerator with hopes that something new to eat will have materialized?

Why do people keep running over a string a dozen times with their vacuum cleaner, then reach down, pick it up, examine it, then put it down to give the vacuum one more chance? A phenomena known as carpetuation!

Why is it that no plastic bag will open from the end on your first try?

How do those dead bugs get into those enclosed light fixtures?

When we are in the supermarket and someone rams our ankle with a shopping cart then apologizes for doing so, why do we say, "It's all right?" Well, it isn't all right, so why don't we say, "That hurt, you stupid idiot?"

Why is it that whenever you attempt to catch something that's falling off the table you always manage to knock something else over?

In winter why do we try to keep the house as warm as it was in summer when we complained about the heat?

How come you never hear father-in-law jokes?

And my FAVORITE.....

The statistics on sanity are that one out of every four persons is suffering from some sort of mental illness. Think of your three best friends -- if they're okay, then it's you.
