## GM'S NOTE:

### RUN SITE – NEW CAR PARK YOUTH PARK

#### Morning.

Sai Seng, Gordon, Christine and I were setting the run at 11am and so we started at the Info Centre. There were signs in English and Bahasa about NO ALCOHOL on the premises especially around the recreational area. I heard later that night that broken beer bottles had been found and also left lying around which has prompted the authorities to effectively ban us from using the place anymore. It goes to prove the point we always try and make, please clean up afterwards so that we can come back in the future. Obviously some people don't care about reputations, as in this case! Now we all suffer the loss of another venue!

Sai Seng was chief hare and took us straight on passed the playground and down the bank the other side. We then crossed the ground before climbing back up to the usual path and way in. It was a small detour but a change!! Sai Seng and Christine were talking non-stop and 'its and bits' registered in my mind. Gordon was unusually silent whether it was because he didn't understand the chatter or that the frown on his face was because of the mosquitoes biting him everywhere!

The route we took was a fairly familiar one as we went up and down and skirted along the race course, before heading for the steep and long final On Up. We exited on to the pathway in the usual place, the path leading to 45, and we headed right towards the now defunct, Lemongrass field and On Down to the top of Youth Park and on home. It was a short to medium run but really did give you a good workout! On our way down we passed a couple of hikers and a fair bit of old hash paper showing either the entrance or exit of other runs! It took about 3 hours to set and once we reached the cars off we went home.

## Evening.

We all met at our old spot, the NEW Car Park as we call it. Just along the road from the Info Centre. It is really just a waste ground and overflow car park but with the lights, it serves us well.

Lyna was still busy cooking and so with the pack baying to get going we let them off the leash after Sai Seng had outlined the run. As the late comers, there are always some, left to follow the pack a motorcyclist was passing on the road. She must have been so taken with us that she kept stirring over. Suddenly we heard a crashing noise and looked up to see that she had driven into the drain!! Being ever the gentlemen, Sai Seng sprinted over to lend assistance and soon had her back on her feet and with bike in order she sped off none the worse for her spill thank goodness!!

The FRB's were back in about 45-50 mins and the rest followed over the next 45 mins.

By this time the crowd has swelled considerably and many old familiar faces were seen once again after long absences! Welcome back! Lyna finally drove in with the food which, after being displayed, caused the pack to salivate and many 'oohs and aahhs' were heard as the wonderful array of Vietnamese dishes were served. First course were delicious a type of spring roll (not fried) with a wonderful vinaigrette. The second course was a superb chicken soup with fresh baguette and ample chicken, to follow with a third course of a beautiful and wondrous beef stew. It was a gourmet's delight!!

The pack came back for seconds, thirds, maybe even fourths as the beautiful star-filled sky and cool breeze made it a rare evening indeed. In all we had 51 members and 3 'guests' attend and all simply and thoroughly enjoyed the evening. Many thanks to Lyna @ Call Girl, for her considerable efforts and for the very different and spectacular food! Thanks also to the Hares for setting the run for Lyna who, as we saw, was very busy conjuring up her delights!

We then had a very short circle and chilled out for the rest of the evening.

## **CIRCLE TIME**

1. W'anchor, now almost a permanent guest and Smiling Tiger, a co-hare on the day, were welcomed.
2. The next to be 'acknowledged' by the GM was Joanne. She has been a member for a while but didn't have a hash name. She had been persuaded to come to the hash by Hair Do 'for the exercise' but as we all know Hair Do's exercise is using her right hand.....to lift the beer bottle to her lips amongst other things. After her interrogation and based on her profession of marketing medical "oscopy" devices Joanne was named as ANAL PROBE by a close vote of the assembled pack!
3. Shit in the Pit was the next to warm the Ice Throne. He has been away in New Zealand for the last month and so it was good to see him back running once more!
4. The last icing was for the Bunny of the Day, Call Girl. EVERYONE agreed the food was superb and very different for our usual fare and all were grateful for the time and effort she had taken to prepare it all. The run was also termed good by the pack. Even though it was a familiar one, there was some

variation and the steep climb to the pathway certainly brought out the sweat and the overall exercise was certainly good. So thank you hares!

Next Week it is Helmut's run at Bee Gallery. This is Chinese New Year Eve and so we know many of our members will not be attending since they will be having their reunion dinners. However if you want to come but were not at Lyna's run (where we had a show of hands of those attending) please let Helmut know so that he can prepare the right quantity of food.

I also take this opportunity to wish ALL our members a

**Happy, Healthy and Prosperous Year of the HORSE.**
