## NEWSLETTER 2202

### GM's Note:

- Notes on behalf of the GM

During setting of the run in the morning, Alexis mentioned that she would be attending church services for Easter in the evening. She wanted yours truly to conduct the circle in her absence.

As Mike and I arrived at the run-site after battling the traffic, the pack had already loped off and disappeared into the bush. A pale, horrified and obviously distraught looking Kiss Me was just about recovering from her experience, or more like encounter, with an “extra” passenger on their car whilst on the way. It was

a snake and fortunately it was on the outside of the car and not IN it as Kiss Me has a massive phobia regarding them hence the pale haunted look as she explained!!

Soon the food arrived and was displayed, causing much salivation of the already assembling dinner club and the SCBs who had got “lost” and had returned to the run-site early. The ones who did the whole run came back saying it was great!! Last in were a struggling Pimp, who was accompanied by Shit in a Pit and Keys in the Crack. The pack had by that time sampled, more than once, the food on offer, and after allowing a little time for the late returnees to catch their breath and eat we had a quick circle.

## **RUN SITE- CHARLIE MARKET**

### ***Burst :***

The circle was called by the GM just past 6pm. We had short announcements. The hare was called but nowhere to be seen. So the sub contractor announced as short to medium run with one check.

Off we went the usual High Way after a few meters we turned left and up, up we went. As I was heading up I could hear Money shouting checking. What a rife had a little breath. Frank and I went to the right and found papers. After a short distance we hit back to the High Way again. From there we went up and down for awhile before

heading to Jalan Halia Chinese temple. In between we could see the path has been cleared by Jabir's bum. Thanks Jes. Came back all the way passing Take Care's house hoping that he would have some chilled beers.

Generally it was a good workout .Many thanks for the lovely food and run.

### **Circle**

First to be recognised for the evening was Rupiah who had completed 100 runs. Well Done!!

Just Beer then called out Huge to sit on the Ice Throne as he came back from the run muttering about being lost and finding a new hash highway. Perhaps it was really a highway to heaven!!

Smiling Horse was next for riding up in his shining armour and rescuing a damsel in much distress. He was a real snake charmer this day!!!

Mem Sahib followed with her usual happy grin. She has not long returned from China and was enthusing about the 3 and 4 hour hikes she was doing whilst there. However she can't seem to do that at her own hash!!!

The Hare of the day, who unfortunately was working that evening, was thanked in his absence for the great run and good food. A lookalike in Rough Rider received the icing on his behalf.

## **JOKES OF THE DAY**

### **SKYDIVING BLIND**

A blind man was describing his favorite sport, parachuting. When asked how this was accomplished, he said that things were all done for him: "I am placed in the door with my seeing eye dog and told when to jump. My hand is placed on my release ring for me and out I go with the dog."

"But how do you know when you are going to land?" he was asked. "I have a very keen sense of smell, and I can smell the trees and grass when I am 300 feet from the ground" he answered.

"But how do you know when to lift your legs for the final arrival on the ground?" he was again asked. He quickly answered: "Oh, the dog's leash goes slack."
