## NEWSLETTER 2222

### **GM'S NOTE:**

### **RUN SITE – BEE GALLERY**

**Alamak! Bee Galary Again! FTAC running there ALSO.....**

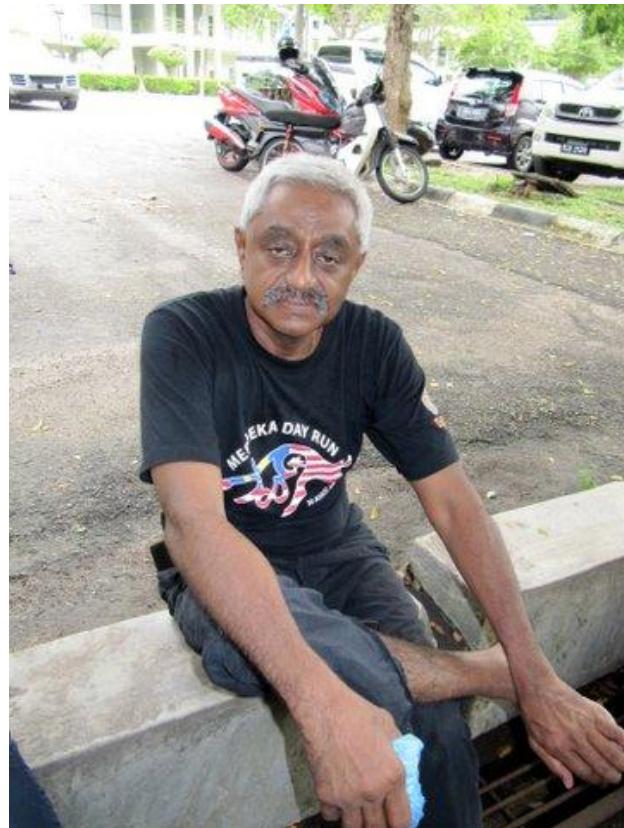

**A smaller than usual crowd turned up for the weekly run- is it because of the raining season? Same runsite again or ??? The Hare told us that it's a medium run and going in via the pipeline thru the DAP path. Well, that's a tough on up in this kind of weather as I say to myself.**

**Many had complained that the run is LONG and not medium as stated earlier and all were back within 21/2 hours, A good workout!!!!**

**Please note- Next week run at Mt Pleasure, pls park your cars on one side of the road and not on both as the residents have complained of it being too congested at times.**

**Joint Hash Ball ticket is Out!!!! Please buy it ASAP from any committee member.**

## Our Hare of the Day

### Black German

#### BURST

**Yes! it's Thursday at last. Shit!! I'm sick so can't run. Where's the runsite? Ahh Island Glades – NO! It got changed due to some trouble a few weeks ago. Bkt Gambir Lower Road. I remember the text. Wait though it got changed again. Now I remember through the mussiness of my head it's at Bee Gallery. Well at least it's close to home even if I can't run.**

**Turn up before the run. It's very busy. Hardly anywhere to park. Find out FTAC also running from there hence no spaces. Good job PSC weren't running tonight!!**

**Found the hare and asked about the late changes in the run site. Was informed that it was 'suggested' he go to Bee Gallery because of the weather. What is it with hash these days? Not long ago we went anywhere the Hare/Bunny suggested, afterall it's their run, and we didn't much bother about the weather come rain or shine we turned up, ran, ate and drank our way through the evening and had a great time to boot. Nowerdays it seems we are getting soft in our old age and require the comforts of home and especially shelter before we come to a run. If that is the case then we will limit ourselves to very few runsites since not many offer shelter and the number of runsites is diminishing due to 'progress' in any case. Or even perhaps just stay at one place and run from there every week. God how BORING that would be!! Toughen up Ladies and Gentlemen let's get back to being Hashers once more.**

**I didn't run as I was sick (yeah yeah I hear you say toughen up but I really was sick. I must have been as I hardly drank!!) but I heard the medium run was a bit on the long side of that and the front runners didn't return for an hour 15 mins at the earliest. Pimp as usual brought up the rear, this time coming back with Gman in 2.5 hrs. Even though some moaned about**

the length it was unanimously voted a excellent run. So thanks to Jaya for the effort he put into setting it.  
Of special note I would personally like to wish Snow White a very happy 85<sup>th</sup> Birthday and to thank him for the beers he provided on the evening. I hope I'm in as good a shape as he is at the same age.

See you all next week at Mount Pleasure... Oh and by the way it's SHELTERED!!!!!!

## FUNNIES

A few years ago robbers entered a bank in a small town. One of them shouted: "Don't move! The money belongs to the bank. Your lives belong to you." Immediately all the people in the bank laid on the floor quietly and without panic.

This is an example of how the correct wording of a sentence can make everyone change their view of the world.

One woman laid on the floor in a provocative manner. The robber approached her saying, "Ma'am, this is a robbery not a rape. Please behave accordingly."

This is an example of how to behave professionally, and focus on the goal.

While running from the bank the youngest robber (who had a college degree) said to the oldest robber (who had barely finished elementary school): "Hey, maybe we should count how much we stole." ?

The older man replied: "Don't be stupid. It's a lot of money so let's wait for the news on TV to find out how much money was taken from the bank."

This is an example of how life experience is more important than a degree.

After the robbery, the manager of the bank said to his accountant:

"Let's call the cops and tell them how much has been stolen."

"Wait", said the Accountant, "before we do that, let's add the \$800,000 we took for ourselves a few months ago and just say that it was stolen as part of today's robbery."

This is an example of taking advantage of an opportunity.

The following day it was reported in the news that the bank was robbed of \$ 3 million.

The robbers counted the money, but they found only \$1 million so they started to grumble.

"We risked our lives for \$1 million, while the bank's management robbed two million dollars without blinking? Maybe it's better to learn how to work the system, instead of being a simple robber."

This is an example of how knowledge can be more useful than power.

**Moral: Give a person a gun, and he can rob a bank. Give a person a bank, and he can rob everyone.**

Ain't that the truth!!!!!!!!!!
