*Run: 2494*

*Date: 28 November 2019*

*Hare: Wankston Churchill*

*Runsite: Pearl Hill*

The runsite, Pearl Hill, was a new place for us and even though doing walks on the road was easy, setting a trail wasn't!! We started at the top making our way downwards through bush and thorns, tumbled on vegetation, passed junk that people had thrown out of sight, hung precariously from 6ft drops but made it. After the fright of the 6ft drop into a drain, it was on the road all the way to the school at the corner just before the windy road going to the Pepper Estate. Under the fence we went and walked along the stream slowly picking our way upwards through the bush until we exited on the road once more and back to the runsite. It was discussed whether to exit here or push on a bit more through the bush but

it was decided, with the noise of construction in the background, to make it here as it seemed the better option as time was running out.

In the evening it rained so we were glad to have the cover of the hiking centre and with lights, space, cover and tables it was a good place to be and away from the local residents' housing. The only difficulty was the beer wagon had to stay in the car park so those drinkers got extra exercise by having to walk up and down the steps to get their beers. It didn't seem to prove a handicap however!!

No Choice had home cooked the food and it was quite a spread and tasted delicious and with the Hare subsidizing the beer it make for a great evening with lively atmosphere with quite a number of members and guests turning up. Since we believe we are the first Hash group (not hikers group) to use the place we have decided to call the venue Wankston Corner in honour of the hare who found it.

Many thanks to WC for hosting the evening and subsidizing the beers and to No Choice for the delicious home cooked fare provided.

*Next Week we are at Lembah Permai,  
shoplots, for Flying Fish's Run,  
Please come and support*

## Circle

1. Welcome the guests: Puki Merah, Olivia, Tanya and Kim in the photo but we also had Luca, Gabi, Karen and a friend but they had left by circle time.
2. The GM then put Take Care on ice. Apparently he came back from the run in about 30 mins complaining it was too short. However he missed out more than half the run as he followed home paper at some point which naturally got him back early.
3. A CFTF by Tulips then saw guest Harvey Whorebanger on ice. Although not a Harriet member Harvey is well known to all and has been away from Penang for some time. He arrived that afternoon and decided to come along with Bommy to join in the fun. Nice to see you again HW.

4. A CFTF by Iceman then saw Bommy on ice. The story was that Bommy started on the run with three girls. However two other girls also showed up and Iceman looked after them. After the run Iceman said to Bommy as he already had three girls why didn't he take the other 2 as well? Becky replied that Bommy had his hands full with the three. Iceman's quick rejoinder was seeing such beautiful young and fit girls how can you ever have your hands full!!

5. A CFTF by Wu Kong saw Pimp next on the ice. They had set the run during the afternoon and when it came to the 6ft drop Pimp and WU Kong managed to get down and then Pimp suggested to the girls helping that they come down backwards whilst he supports them from below, hands on bums so to speak. Chivalry isn't dead after all!

6. Hare on ice. Many thanks to Wankston Churchill not only for the hosting, the tough run, the delicious food and for subbing the beer but also for finding a new venue which we now call Wankstson Corner in his honour!

## Funnies

What is the difference between a soccer star and a bank robber?

The bank robber goes, "Give me the money or I shoot!"

The soccer star goes, "Give me the money or I don't shoot!"

Dad to his son: "I have nothing against us sharing an opinion, as long as it means that I keep my opinion and you share mine."

A man wants to do a new parachute record: The longest freefall without pulling the rip cord. So he jumps a plane at a huge altitude. His height gauge shows 30 000 feet. He keeps falling.

In a while he checks the gauge again and now it shows 15 000 feet to the ground. A few seconds later it shows 12 000 feet. He continues falling. Now it's only 3 000 feet left. He grips the rip cord firmly in his hand.

At 1 500 feet he is singing in a shaky voice. Only 300 feet left. He waits till the last moment.

Then it's only 150, 120, 90, 60, 30 feet till the ground. The man shrugs: Ah well, whatever. I can handle 30 feet without a parachute.

What do you call an alligator that's wearing a vest?

An investigator.

When I'm bored, I imitate everybody.

But that's no way for an adult to behave.

But that's no way for an adult to behave.

Come on, stop being stupid.

Come on, stop being stupid.
